

Dear Colleague

I hope this letter finds you well.

I understand that you are considering using the services of Maths-Whizz the Online Tutor. As you may know, **Maths-Whizz** are one of the Association's **Gold Preferred Suppliers**, a status awarded to a select number of companies who are highly recommended by other ISA schools.

To achieve this status we first had to be comfortable that they offered a real advantage to our members and that they were able to provide the superior level of service both we, and our members, expect to receive.

As part of the exercise for becoming a preferred supplier we spoke with a large number of existing **Maths-Whizz** clients within the school sector and were extremely impressed with the feedback that we had and the level of service they were obviously providing.

Whilst I know, of course, that the decision ultimately lies in your hands, I would ask that you strongly consider supporting the supplier scheme we now have in place. Should you want to discuss then please do not hesitate to contact me.

Kind regards

Neil
